- 6. Contacts with Communist Party: members or sympathiners make distinction between 26th of July Movement and CP. Did he attend CP meetings or 26 July meetings. Does he know any CF members? Was he ever asked to Join the Party? Did he ever agree with the aims of the Party?
- ?. Combacts with Cuban Intelligence Service (DIER-G-2) ever errested by them - friends or co-workers arrested by them - did he ever work for them or promise to work for them - betray anyone to them.

It is noted that the LOPIUTER examiner who examined DUQUE in January
1982 characterised him a possessing limited intelligence, and the examiner
had very little background information on him on which to base detailed interregation. DUQUE's unfavorable reactions in the examination were not explained
an any way by the subject, who insisted he was completely truthful. A detailed
debriefing should provide the next operator with the ensentials for corroborations
